EDUCATION

Syracuse University, College of Engineering and Computer Science

M.S., Computer Science, 05/2020, GPA: 3.8/4.0

Sun Yat-sen University, School of Data and Computer Science

B.E., Software Engineering, 06/2018, GPA: 3.5/4.0

WORK EXPERIENCE

Goody Entertainment Co., Ltd., C++ Programmer Intern, 03/2018 - 04/2018

- Participated in the development of a cross-platform multiplayer video game
- Tested functions and the overall gameplay
- Collaborated thoroughly with colleagues in design, implementation, and testing

Sun Yat-sen University, TA for Software Engineering Training, 08/2016 - 08/2016

- Guided students in developing a command-based agenda management system, answered their technical questions and assisted them in debugging
- Inspected and evaluated students' code and performance

PROJECTS

The Quasar Database, 11/2019 - 12/2019

- Designed, implemented, tested, and analyzed an SQL server database for an E-commerce platform
- Utilized the E-R diagram, BCNF normalization, views, constraints, triggers, encryptions, stored procedures, functions, and transactions to enforce business logic and meet real-world demands
- Tested the database comprehensively with meaningful data and provided exhaustive documentation for the whole project

Rubik's Cube Simulator, 05/2017 - 08/2017

- Developed a Rubik's cube simulator in C++ using OpenGL
- Implemented basic operations (turning), view tuning, shuffling, and solving
- Provided detailed documentation, including a clear user manual

Matrix, 04/2015 - 06/2015

- Developed classes Matrix and Vector in C++ for linear algebra operations
- Implemented matrix operations, sorting, calculation of determinant & inverse, file I/O, and OpenGL visualization
- Utilized templates, overloading, inheritance, and exception handling

AWARDS

- Merit-based scholarship at Syracuse University, 02/2018
- Third place in Kaggle contest Large-scale Classification-SYSU-2017, 07/2017
- Honorable Mention in the Interdisciplinary Contest in Modeling, 04/2017
- Individual scholarship at Sun Yat-sen University, 12/2015

SKILLS

- Programming Languages: C, C++, SQL, Python, MATLAB, Haskell, Java, Android
- Platforms: Windows, Linux, Visual Studio, SQL Server, Jupyter Notebook
- Languages: English (fluent), Mandarin
